Vol. 5, No. 9

EDMONTON, ALBERTA, WEDNESDAY, FEB. 25, 1953

## WINTER WONDERLAND

THE SNOWFALLS of recent weeks have turned the countryside into a veritable wonderland of beauty. Children and out-of-door enthusiasts have plenty of fun and recreation while enjoying the beauty of nature's hand work.

### Youth Week Observed Locally

CROSSFIELD — The second week of February was "Youth Week," and in keeping with this project the service in the United Church on Sunday, Feb. 8, at 7:30 was conducted by our youth groups. The CGIT girls took the prayers and two Tuxis Boys, Floyd Rowat and Jack Lee, were in charge of two portions of scripture. The offering was taken by Trail Rangers Buster Bills and Allas Becker. The Junior Choir contributed to a special choral number accompanied by Mrs. Steele. Rev. Dovey's address had for its theme the challenge of Jesus, "Follow Me." Rev. Dovey also contributed a fitting song, entitled "The Songs My Mother Taught Me."

This service, as all other youth services here, was conducted with interest, efficiency and inspiration. Much credit is due to the co-operation of our youth with competent leader him. The service was very much enjoyed.

### Crossfield Hockey Clubs Active

CROSSFIELD — The high school boys clinched third place in the Rosebud Hockey League with a 2-0 shut-out over Carstairs on Tuesday, Feb. 17. Goalie Billy Kiernan played a standout game in net to tally the league's only

shut-out. George Mu... orel both counters for the home team. Only one penalty was handed out in the closely-fought game. Raymond Kotow was injured in the third period but returned to finish the game in fine style.

Be sure to attend the next games which will be playoffs in the semi-final brackets with the league leading Olds Hornets.

Junior hockey was in play on Saturday last when Richmond boys edged out Crossfield Juniors in a hard-fought battle on local ice. The score ended 6-3 in favor of the visitors.

Madden boys were able to pull a victory in a close game with Crossfield on Crossfield ice on Saturday, Feb. 21. Crossfield led the scoring in the first period, which ended with a 3-0 lead. Then Madden dug in and scored in rapid succession. In the third period feelings ran a little high for a few minutes but this was soon over and the boys settled down to play good hockey. Madden won the tie-breaker.

Rev. Dovey was in charge of the "Follow Me" group when they met a junior S.W. Calgary group on Saturday, Feb. 14. The local boys lost the game by a score of 4-2, but made new friends and had a delightful trip. Special thanks is tendered to Messrs. Benzie, Poffenroth and Whittaker, who so generously donated vars and service for the boys, and who enjoyed the game very much.

### Crossfield News Briefs

Mr. and Mrs. Chas. Fox entertained at a very delicious turkey dinner on Sunday, Feb. 22. Those present were Mr. and Mrs. Frank Ruddy and family; Mr. and Mrs. Lefty Huddle and son from Claresholm; Mr. and Mrs. Dave Foreman and daughter from Regina; Mr. and Mrs. Lea Ableman, Calgary, and Mr. Lorne Onell, also from Calgary.

Mr. and Mrs. Chas. Fox have taken delivery of a new Dodge Coronet and since their son and daughter-in-law are back from their vacation, they feel that their farm will be left in competent hands and are anticipating a trip to California, Arizona, and other states.

Rev. Dovey preached a very nice sermon on the "Return of the Prodigal Son" at his service in the United Church at 7:30 on Sunday, and also sang as a solo the hymn, "Softly and Tenderly Jesus is Calling." There was not a good attendance as usual, due to a sudden storm which could easily have turned to blizzard proportions.

#### THIEF STEALS PIGEONS

ST. LOUIS, — Nancy Herman, 11, who has been raising pigeons since she was 6, is heartsick because someone broke into a playhouse behind her home and stole all eight of her pet pigeons. The only bird left behind was Funny Bunny, an unbanded pigeon.

### World's Day Of Prayer Observed

CROSSFIELD — On Friday, Feb. 20, at 3 p.m. in the United Church, 20 CGIT and 50 women from Baptist, Anglican and United churches, Crossfield, met to participate in the Annual World's Day of Prayer service. Mrs. W. A. Hurt was in charge of the meeting in her capacity as president of the Senior WA, and she heartily welcomed the group girls and ladies present. Mrs. W. Charney was organist for the occasion. This Day of Prayer, on the first Friday of Lent, was opened with "The Drum Call" poem as used throughout Africa to assemble the people for worship, and the whole service was prepared, this year, through the co-operation of African Christians. With their leaflets for guidance, the leaders and people were absorbed in the sanctity of the service. Leaders were chosen from the CGIT and all churches present, including: CGIT, Miss Michel from Baptist, Miss Harder, Mesdames Baldwin, Faas and Smith; from Anglican, Mesdames Stevens, Wilson and Colson; from United, Mesdames Hurt and Lilley. Beautiful voluntary prayers were offered by Viola Harder, Mrs. Faas, Mrs. Baldwin, Mrs. Smith and Mrs. Michel.

Mrs. Winfred Bailey accompanied her daughter, Helen, when she sweetly sang "Blessed Jesus Hear Us."

Mrs. Merl Jones, a visitor from Calgary, and former resident of Crossfield, was asked by the president to introduce the guest speaker, and in so doing, Mrs. Jones charmingly acquainted the audience with a few of the activities with which Mrs. Russell Clarke devotes her time, which included the following: President of Scarboro United Church, president of the Local Council of Women, and chairman of the Brotherhood Week Committee. In presenting Mrs. Clarke, Mrs. Jones also stated that she was a good homemaker, mother of three children and held two degrees from the University of Manitoba.

Mrs. Clarke, in a very interesting talk, encouraged her listeners to think deeply on "Brotherhood Week" and all that it stood for, never forgetting the needs of the New Canadians and our duties to them as Christian people. Our first duty, she said, was to make them feel at home, ask them to our social gatherings and include them in our church activities, our sports and best of all our hearts and homes. She stressed the need of prayers in all our undertakings and our co-operation and good fellowship in all worthwhile tasks. Mrs. Clarke bespoke her great pleasure at the attendance of the CGIT, and encouraged them to continue in their great work.

The offering was taken up by Norma Borbridge and Lillian Aldred (both CGIT members) and amounted to \$14.50. In closing, Mrs. Hurt thanked all for attending and disclosed some of the figures regarding the work that our collections enabled. She stated that the figures showed a steady increase from every province, and pointed out that Alberta collections were increased almost \$400.00 in 1952, and that much of the money collected is used for Christian literature for foreign countries. The meeting disbursed with the benediction from Nu. 6:24.

### Local Ladies' 'Spiel Concludes With Favorable Weather

CROSSFIELD — An unsuccessful attempt to run their local ladies' 'spiel on the 6th and 7th of February did not dampen the ladies' enthusiasm. They waited till Feb. 17 when their ice was in perfect condition and quickly informed all rinks that play would be resumed at 9 p.m. Three games were run off and the ice was fast with excellent curling enjoyed. The next day, starting at 5 p.m. draws continued every two hours until the end of the 'spiel.

The ice was packed with spectators who witnessed some very fine curling. Glencoe Club's lady curlers from Calgary were able to defeat the ladies from Cremona in the No. 1 event, Cremona getting second prize. Irricana ladies were third and a local rink skipped by Mrs. Wood was fourth. The prizes, according to merit, were: Electric kitchen clocks, relish trays, canister sets and planters, together with a Premier Laundry Dry Cleaning Credit Slip.

No. 2 event, won by all local rinks in order of merit: Mesdames Borbridge, Sharp, Becker and Stevens, received an order for \$4.00 each, Eaton's gift certificates, Royal Albert cups and saucers, juice sets, and canisters.

No. 3 event: 1st prize donated by Zeller's hoisery; 2nd prize from L.C.C., Pixie creams and sugars; 3rd prize from Hudson's Bay, gold cigarette boxer; and 4th prize, Pheasant salts and peppers from L.C.C., were in turn won in order of merit by Mrs. Tarley and rink from North Hill Club, Calgary; Mrs. Moeuch and her Carstairs rink; Mrs. Wray and her Airdrie rink and Mrs. Day and her Carstairs support.

Much credit and many thanks are due Mr. and Mrs. Dewey Casey for taking over the lunch counter and serving a very delicious banquet to all on Wednesday at 5 and 7 p.m. Also the lady curlers are proud and happy to have received counter help from some of the men curlers, who every year assist the Caseys at the counter when help is needed. All lady curlers and friends received a special thanks for donations of cooking, and the club hope to have better curling weather next year.

### Local Foursomes Gain Loot

CROSSFIELD — Local rinks skipped by A. D. Stevens and Walter Lilley attended the Olds men's 'spiel and both rinks were able to bring a little loot home. Lilley rink reached the fours in the first event, and Steve's rink in the fifth event. Teddy Bills' rink battling for supremacy at Reisker was able to cop the grand aggregate \$50 gift certificate from Allister's Furriers, also individual curling Motors Trophy, names engraved, good for one year.

Mesdames Becker and Borbridge each with a rink in Carstairs Ladies' 'Spiel, playing on very tough ice, were able to feature in the prizes. Mrs. Lilley's rink was drawn for Airdrie, which ice suffered from a dose of Chinookitis, and games started were given up before competition. Mrs. Woods rink took in Cremona 'spiel, which had to be postponed for soft ice. Her rink had reached the fours in the third event. They will resume play when ice is more favorable.

# What is News in Other Alberta Points

## In Heart Of French Canada English Names Are Almost As Common As French

QUEBEC'S BOOMING STEEL INDUSTRY has focussed attention on the tiny hamlet of Mingan. There in the heart of French Canada lies this surprising area where Anglo-Saxon names are almost as common as French.

## Greencourt Church Group Hears Interesting Talk On Korea

GREENCOURT—Dr. Yoan Soo Park of Korea spoke at the United Church Services here on Sunday. Dr. Park won a scholarship that was given by the University of Alberta and the Students' Union. He is taking a post-graduate course in Physics. He hopes to teach Physics at the University of Seoul when he returns to Korea.

Dr. Park gave all those present a very vivid description of the conditions in Korea today. He told of the terrors of Communism in his country, and said it was heart-breaking to be fighting against ones fellowmen. The Christian churches in that country were doing all they could for the orphans and refugees. The people gathered on the hill-sides and in caves to do their religious duties. Many churches had been destroyed by the Communists. Dr. Park read part of a letter from a friend of his in Korea, who told of the good Christmas spirit shown by the Koreans, despite their hardships. He said that there was even carol singing in the streets of Seoul.

After his little talk, Dr. Park sang some Christmas carols in the Korean tongue for the younger folk present. He also showed them how to write the Korean alphabet and how to write their names in Korean. An album of snapshots of his own family back in Korea was found very interesting by everyone.

## District Motorists Have Full Share Of Minor Accidents

GREENCOURT—Mervyn Goe'son's little Austin is in the news again. This time it had its door dented and a bit of paint removed, when it met a light delivery on a too-narrow road. Both vehicles took to the ditch, with the Austin plowing into the snow and the light delivery upsetting. Fortunately, no one was hurt.

A. Byers' truck and J. Clarke's car both reached an intersection on the road south of here at the same time. Both vehicles were damaged, but neither driver was hurt.

Robert Johner snowplowed several yards of the ditch between here and Mayerthorpe on Saturday night, when he lost control of his car in the loose snow and was forced into the ditch.

## Athletic Association Ice Carnival Proves Great Success

THORHILD — The Thorhild Athletic Association two-day ice carnival was held on Thursday and Friday, February 12 and 13. The carnival was well-attended and very much enjoyed.

On the first night, a close Junior hockey game was played between Thorhild and Egremont. The game ended in a tie 3-3. Following this contest another close match was held between Smoky Lake and Radway, with the Smoky Lake sextet coming out on the long end of a 5-4 count.

Winding up the first night's activities was a dance. Music for the dance was supplied by the Gabby Haas Orchestra. The dance was attended by quite a few young people, who enjoyed the evening tremendously. A delicious lunch was arranged by Mike Dutka, Clarence Dowhanuk, Paul Toronchuk, Emilie Domanko, Esther Zariwny, Barbara McFarlane, and Elsie Pruss.

The second night's activities saw the Thorhild Girls' Broomball players tangling with their counterparts from Smoky Lake in a brief set-to prior to the hockey game and between periods of the game. The Thorhild lassies eked out a narrow 1-0 triumph.

The hockey game on the second night proved to be a thrilling contest between the senior clubs from Thorhild and Smoky Lake. The game wound up in a tie, 5-5, with the two clubs splitting the prize money of \$25.00.

Dancing followed the hockey games, and crowning of the queen took place in the Thorhild Community hall.

Myrna Keibuk was crowned queen of the carnival. Miss L. Wilflingsider was present to give away her cup and crown. Other candidates for queen were Misses June Shebelski, Ann Skrobot, and Rose Acraiz. Jeanne and Tony Andrews were the train-bearers for the queen. Pictures were taken of the queen and the other running candidates.

A crowd of more than 300 people attended this carnival dance, and were served a delicious lunch by Mrs. L. Tataryn, V. Was'k, E. Domanko J. Koziy, Ann Kudik, Liz Dowhanuk, Orvica Ewaskow, Es. Zariwny and C. MacGregor.

The funds received from the carnival will be applied towards the rebuilding of the skating rink.

## Mayor For 8 Years, Mr. Fielhaber Retires

STONY PLAIN—Mr. Fielhaber in his report, handed in his resignation as mayor, giving as his reason, the increasing pressure of work in his own business.

Mr. Fielhaber has given unstintingly of his time and ability to the success of the town for ten years, eight of which as Mayor.

Stony Plain has made much progress during his years of office, and he undoubtedly has contributed much to that progress. The best interests of the town and its people have always held a high place in his thinking.

He has frequently stated that "Stony is a good town, with a splendid lot of citizens," and there is no doubt he really means it. If he had reviewed his years of service, Mr. Fielhaber would have found much to remember with pride.

Stony Plain will also remember in appreciation the labors of the retiring Mayor and will wish him the best of success in his rapidly expanding business.

## Stony Plain Town Looks To Future With Town Planning Commission

STONY PLAIN — Stony Plain has been expanding rapidly in the last few years and the necessity for some well designed plan as a guide, and to guard against haphazard development has become clear. The time will come when industries will be located in or near the town, and many new homes are even now in sharp demand.

To meet this need the Town Planning Commission was set-up to work with the Edmonton District Planning Commission, and last year the town spent \$252.00 on this work. Thirteen meetings of this committee of five members, two of whom must belong to the council, were held since June 20, and three plans dealing with development in different parts of the town have been submitted.

Plan No. 3 contains features of great interest to citizens and district residents, and concerns the development of the 37 acres of Baker property adjoining the town on the south. This splendid piece of land with its gentle slope lies between the Baker buildings on the south and 103 Ave. on the north, between the meridian line on the east and the school grounds on the west, and will be developed as a residential area. The blueprint shows the present driveway going to the farm as being removed from its present site and placed to run north and south on the west side next to the school grounds. The whole 37 acres will be surrounded by a wide grass border on the south-east, and partly on the north with a street entry midway on the east from the meridian line. Inside the grass border will be a street following around the development on all sides. Within this bordering street, all streets will run east and west, there will be no north and south streets. There will be 155 lots available, size 50 by 120 ft. Twelve of these lots are already sold to the Trans-Mountain Pipeline Co. It is understood the company will build 12 houses to cost from \$12,000 to \$15,000 each, fully modern, for the use of their staff. In all construction inside this area buildings will be required to conform to a minimum standard of valuation and design.

## A.T.A. Sub-Local Meets

EVANSBURG — The monthly meeting of Evanburg-Wildwood ATA sub-local was held in Wildwood on Saturday, February 14.

It was decided that the track meet be held on May 22nd this year. If this day proves unsatisfactory the two following Fridays are reserved as emergency dates. The date for the Spring Rally to be held in Wildwood was set for May 7 and 8.

Four members were chosen to report on topics of "Child Psychology" as outlined by Mr. Zuar. These members will give their reports at the next meeting and the others are to come prepared to discuss the subjects.

## Masked Men Burn Doctor And Take His Money

GARDEN VIEW — Dr. Piffner, the herbalist was burned by two or four masked men who entered his house one night.

The men held the doctor's hands on the hot stove until he was forced to tell them where he had \$70 hidden.

Town officials think they know who the men are.

## Co-op Association Postpone Store Renovation

EVANSBURG — The annual meeting of the Evanburg Co-operative Association was held in the Memorial Hall on Thursday, February 12.

It was well attended and opened with the showing of the film "Without Fireworks," supplied by the ACWA, after which Mr. F. W. Maddock, president, took the chair and called the meeting to order.

The secretary read the minutes of the last annual meeting.

The directors' report was not available but the president stated that the directors were in favor of renovating the store but that the matter should be left in the hands of the meeting to decide what should be done.

The manager of the store, Mr. Ray Parson, was called upon to give his report regarding the management of the store. This was accepted favorably.

Mr. Steve Forchak, district supervisor, asked Mr. McDonald of the ACWA to read and explain the financial statement.

The statement showed that sales for 1952 were \$34,551, an increase of nearly \$3,000 over the year 1951. The expenses came to \$4,867, somewhat higher than 1951. The statement showed a saving of \$318 for 1952. Inventory valued at \$7,908 and liability to the ACWA still at \$2,303.51.

In view of the liability a motion was passed and carried that renovating the store be postponed for the present.

Mr. Forchak addressed the meeting, speaking of co-operatives and explaining the purpose and objective of the movement.

Mr. Lamoureux, Mr. G. Young and Mr. F. Fausak were then elected to replace three directors who had served their term of office.

Following the showing of another film, which explained the process of manufacturing flour, a free lunch was served by the ladies.

## Smoky Lake 'Spiel Hit By Warm Weather

SMOKY LAKE — Rocks and brooms were really when curlers throughout the district came to Smoky Lake for the annual bonspiel. Out-of-town rinks were Waskatenau, Vina, and Andrew. Games were played Thursday to Sunday.

Prizes in the first event went to: 1, Dehod, Waskatenau; 2, Smith, Vina; 3, Rudiak, Vina; 4, P. Cembaluk, Smoky Lake.

Second event: 1, Proctor, Waskatenau; 2, Mocholsky, Vina; 3, Kureluk, Vina; 4, Bill Kazaruk, Smoky Lake.

In the third event: 1, Bob Bodnarek, Andrew; 2, Meier, Radway; 3, Stokhl, Smoky Lake; 4, Bill Felewich, Smoky Lake.

In the "Hard Luck" event: 1, Andrew Palamarek, Andrew; 2, Lunn, Waskatenau.

The Ladies' Bonspiel will start on February 28 and March 1.

## Letter to the Editor

In a year issue of January 22, 1953, there is what Mr. Ainsley calls a Scriptural Meditation on Jude 9, in which he states that Christ contended with an about the body of Moses.

Mr. Blair is serious in his of that it was the Christ in on that was contending with Devil, then I am unable to understand how a person could e as he does and not have the pures for his authority. As anced through my copy of the ired book I read that it was hael the Archangel that was aged in the contentious con- with the Devil, and we learn her that it was a duty of this arkable Archangel, whose e means "Life Unto God", or o Is Like Unto God", to fly the defence of God's Holy s in the burial of the body of es, that great outstanding ser- of God that had been the ial care of God from his n.

he thoughtful student of pture will seek to understand there is a divine order ough which the servants of (natural or supernatural) led by Jehovah to serve in the in which the Creator has ded and placed them (2nd 2:20-21), and only Satan of Spirit world has rebelled nst this Divine order, and ld himself be like the most (Isalah 14:14).

was God's prerogative to te spirit beings to serve in great purpose, and three of e are brought into prominence cripture. They are Gabriel, has served as God's messen- to this earth; Michael the w only) Archael, who is the t Prince who stands up for Children of God's people niel 12:1), and Lucifer "Son the Morning" (light bearer) h according to Ezek 28:14-15 said, "How art the anointed rub that covereth and I have thee so". And if we turn to dus 25:17-22 we will see in re the great importance of office given the one whom had anointed to watch over Ho'y Throne, until iniquity found in him" (Ezek. 28:15. i. with Isalah 14:12-16). So fer "Son of the Morning" is longer Jehovah's light bearer. gh, as one of the sons of God retains his Princely status e he is fallen from the high ee to that of the depraved ee of the power of the air h. 2:2, Col. 3:6, John 12:31-1, etc. we must give great honor Michael as he withstood the ll in his attempt to snatch y the body of Moses and to e profane of it among the worshippers.

is my personal belief that ael personally superintended burial of Moses unler God's ction, and that no person an included and no man yeth of his sepulture unto this (Deut. 34:6). Michael could remember when Satan prob- was himself an Archangel, of the Morning Stars which e together God's praises in the e of creation (Job 38:7), and Michael would have remem- d Satan's former greatness, ould not rebuke him, but said, o Lord rebuke thee". Thus n was removed from the e and we hear no more of him this occasion. Again, it was Michael's time to rebuke n any more than it is ours. ne told to resist the Devil (by word of God, Jude 9) and is just what Michael did.

ut Michael the great Prince again bein conflict with the ee of the Powers of the Air, he great war in the Heavens foretold in Rev. 12:7-12. In

## Stannard Bros. Win Butterfat Award

SALISBURY—For the second consecutive year, Stannard Bros. of R.R.2, South Edmonton, have won the Silver Trophy for producing the highest butter fat average in Alberta.

Mr. A. J. Stannard accepted the trophy at the stag banquet held in the Palliser Hotel in Calgary where the Dairymen's Convention was held last week.

the meantime we have this body of humiliation with us in its limit) ations of unseen things above, but we will be clothed with out house which is from Heaven. We then shall know even as we are known. Until then we believe what is written, waiting for that perfect day when the shadows flee away.

S. P.

1040 Seventh Street, Brandon, Manitoba.

Last year they also won the award for the best Herd Improvement. Mr. O. Arps of Salisbury placed eighth in this group this year.

These trophies are kept for one year and returned and the winners receive a small replica which they keep.

## Former Gibbons Girl To Study at Baltimore

GIBBONS — An item in a Vancouver paper announces the following: "Graduate of Vancouver General Hospital Class of '52, Miss Irene Lamoureux, has left for John Hopkins Hospital in Baltimore, Maryland, where she will continue studies in post-graduate surgical technique." Irene is a former pupil of our St. Eugene School. Her classmates will no doubt be proud of her success in her chosen profession.

## Two Members Elected To Local Board

BEISEKER—Mr. Val Schmaltz and W. J. Lavole were elected to the local Board of the Beiseker

Consolidated School District No. 55 at the annual meeting held in the school auditorium on Saturday, Feb. 21. The meeting was well attended and keen interest was shown in the local affairs of our School System.

### Our Free Press Owes Much To Linotype Machine

Ottmar Mergenthaler's Linotype machine, christened in the offices of the New York Tribune on July 3, 1886, was "the most potent machine of its age," states the March Reader's Digest.

The new machine touched off a boom in printing, created hundreds of industries and millions of jobs, greatly enlarged daily newspapers while lowering their cost made possible the printing of more magazines and books of many kinds. Because of the Linotype, libraries multiplied in number and size, and in a single generation the level of literacy advanced by a full century.

The Linotype made a metal slug that would print simultaneously several words in a line of type the width of a newspaper column. Previously, words and sentences had been formed laboriously by men who picked up the letters one at a time from type cases.

For some time after its first use, however, the machine seemed headed for failure for it was too costly for any but the largest publishers. Then the idea of leasing Linotypes was proposed. Small publishers could meet the rental terms; soon scores of small-town newspapers appeared. By the year 1900 there were 8,000 Linotypes in use.

In thus making modern printing possible, Mergenthaler succeeded where many other inventors had failed. He knew nothing of printing, the article says; therefore "his prime advantage was an open mind—he had nothing to forget."

Though he died in 1899 at the age of 45, his machine paid him and his heirs about \$1,500,000.

### Seek Freight Rate Boost

Though granted a 9 per cent increase in freight rates a short time ago, Canadian railways now have further applications for freight rate increases before the Board of Transport Commissioners. They have asked for the following: an immediate 7 per cent rate increase; a 6.5 per cent return on the C.P.R.'s net investment in railway property; and a further 9 per cent increase.

Since April, 1949, increases granted the railroads and their annual cost have been as follows:

	% Increase	Cumulative % Increase over March, 1948	Annual Cost
April 8, 1948.....	21.0	21.0	\$ 70,000,000
Oct. 11, 1949.....	8.0	30.7	30,000,000
Mar. 23, 1950 (16% in lieu of 8%)	7.4	40.4	28,000,000
June 16, 1950 (20% in lieu of 16%)	3.4	45.2	13,000,000
July 26, 1951.....	12.0	62.6	
Feb. 11, 1952 (17% in lieu of 12%)	4.5	69.9	74,000,000
Jan. 1, 1953.....	9.0	85.2	42,000,000

\$257,000,000

With no competitive means of transportation to keep rates down, the increases in railway rates have hit hard at Western Canada. Farmers have been particularly burdened by the increased rates since they pay both the freight on produce they ship to market and on manufactured goods from the industrial areas. Any further increase in freight rates would be a blow to the prairie farmers.

### Gift Of Hockey Puck

Vancouver Sun

Court circles in London are doubtless agog over the imminent arrival of the puck with which Maurice Richard scored his 325th goal.

This puck, so we learn, is to be plated with gold and sent to Her Majesty. This sort of thing is one reason why we sing "God Save the Queen." Police forces protect her from accident. The armed forces protect her from national enemies. But only God can preserve her from the egomania of her subjects.

### Note and Comment

Horse sense is what keeps a horse from betting on the human race.

## Goodbye To Nuisance Taxes

By T. W. PUE

Mr. Abbott has brought down what he says is his last budget, and it's a good one. Hardly anyone can be angry or go away mad with the 1953 budget. Even if this is an election year and we expected tax cuts anyway.

The 11% reduction in personal income taxes, and reduced rates of corporation taxes are, of course, important. But the really outstanding features of this budget is the elimination of the nuisance check excise tax and radio license fee.

T. W. PUE

Not so long ago I wrote out a check in the presence of an American business friend. He asked me, as I put a stamp on it, "What are you going to do with that check—mail it?" To him it seemed odd to have to put a 3c stamp on a check to make it legal. But I've never known the time when I DIDN'T have to stamp every check.

Well, now it's good riddance to a bothersome nuisance tax.

#### RADIO LICENSE FARCE

It's funny how long a perfectly farcical idea can persist in the minds of some people, and the principle of the radio license fee is the funniest—and the grimmest of all.

The funny idea was that the \$2.50 license fee tax on radio sets was necessary to give the Canadian Broadcasting Corporation an independent income so it wouldn't be dependent on the government for its support. It probably cost the Government about half the \$2.50 to collect and a whole army of able-bodied men—office executives, directors, inspectors, collectors and investigators was kept on the staff of the Department of Transport to try and collect this license fee. Now some of these fellows will have to go out and get a job. So an unnecessary lot of human energy and wasted effort was being spent annually to support the myth that the CBC is not a government-paid department. But the fee is being abolished and there'll be no television fee.

But we don't need to worry about television, if it's left to the CBC there'll be none here for the next twenty years.

#### PROSPEROUS TIMES

The keynote of Mr. Abbott's address was that last year Canadians had prosperity without additional inflation. With no let-up in Defence spending and other Government services being fully maintained, other tax cuts are being made effective. Besides reductions in income taxes, there is abolition of sales tax on newsprint, greater allowance on medical expenses (all over 3% instead of formerly 4%) and other important reductions such as 4c less tax on cigarettes.

All this is possible (an estimated total tax reduction of \$250,000,000.00) because Canada's "Gross National Product" is rising year by year and it is estimated that it will go up another billion dollars (from 23 billion in '52) this year.

By making and selling more goods we are benefitting directly by lower taxes. Which seems to prove that the only way to have prosperity is not to work harder, and produce more goods.

And that applies to a nation as well as to individuals.

### Prayer

Last Friday, the Christian Women's world day of prayer was observed in Canada and many other countries. It is good to see members of all Christian groups united in the spirit of Prayer. When we consider that our nominally Christian churches are divided on questions ranging from the Divinity of Christ to whether or not an organ should be allowed in a church. It is refreshing to note that all agree on the power and efficacy of prayer.

A little-known group, the Christadelphians, through an Edmonton district member of this group sent us the following thoughts on Prayer:

"Prayer is the mightiest thing put into human hands. If we know how to pray, nothing is impossible to us. Prayer should be a thing of plan and purpose as well as impulse.

The power to pray, and the power to teach others to pray, is entirely dependent on the depth of the spiritual life."

### The Bible Today

No man can serve two masters: for either he will hate the one, and love the other or he will hold to the one and despise the other.—Matthew, VI, 24.

## NOTHING BUT THE TRUTH by Russ Arnold

39 CITIES IN THE U.S. HAVE A POPULATION OF MORE THAN 250,000!

## Voice of the People

### YACHT ECONOMY

Apparently General Ike, new President of the U.S.A., won't be using the Presidential yacht down there at Washington. Why not ask the Americans to send it to England as part of the next batch of economic aid and save the British the cost of building a new one for the Queen?

M. K.

### AGE PROBLEMS

To my mind, this is the problem that should be uppermost in the minds of our lawmakers—the ending of the discrimination against men over 40 years of age when it comes to employment. Don't men of this age have the right to earn a living and pursue happiness? Then why do some businesses and many of our unions shun men of this age? What do our Senators and M.P.'s propose to do to these older men—shoot them?

WILLIAM D.

### LIKES PAPER

We receive our weekly paper through the Municipal Plan and want to congratulate you on the excellent job you are doing. We love the editorial page, also the classified advertisement page.

Pembina.

### FAMILY AGES TOTAL

597 YEARS

It is assumed the following ages are correct, and all names are of one family:

William Cruickshanks, Vancouver, 82 years; James Cruickshanks, Edmonton, 81 years; John Cruickshanks, Ranfurly, 79 years; Mrs. J. Lindsay, Vancouver, 76 years; Alex. Cruickshanks, Ranfurly, 74 years; Mrs. E. Chandler, Ranfurly, 72 years; Mrs. R. Hopkins, Vancouver, 70 years; Robert Cruickshanks, Peace River, 63 years.

The ages total 597 years which, if laid end to end backwards, would bring us to the year 1356 A.D. If laid end to end forward they bring us to the year 2550 A.D., when none of us is likely to be on hand, not even a Cruickshanks. Anyway, it is quite a record of longevity in any one family.

E. J. H.

Ranfurly.

### Quick Canadian Quiz No. 106

1. Did the 1951 census show more unmarried men or women in Canada?
2. Do we import or manufacture more of our wool textiles?
3. When and where was the first transatlantic wireless telegraph sending station established in North America?
4. Name the largest city in each of the four maritime provinces.
5. Does Canada sell more to the British Commonwealth countries, excluding the United Kingdom, or to the countries of Latin America?

ANSWERS: 1. To Latin America. 2. In 1904, at Table Head, N.S. 3. 422,339 more unmarried men than women. 4. Halifax, N.S.; St. John, N.B.; Charlottetown, P.E.I.; St. John's, Nfld. 5. This year Canadian manufacturers will supply half the market, down from two-thirds in post-war years.

(Material supplied by the editors of Quick Canadian Facts, the handbook of facts about Canada.)

### Queen To Walk On Gold Carpet

LONDON—Some of the world's most impressive carpet will cover the ancient stones of Westminster Abbey at the Coronation of Queen Elizabeth next June.

Altogether 2,250 square yards of carpeting will be needed, weighing nearly five tons. Twelve Scottish girls in the factory of James Templeton and Company of Glasgow will spin the six-ply worsted wool, and five will weave the carpets.

For the "Coronation Theatre," as that section of the abbey is called, the carpets will be of gold. The annex, where the processions will assemble, and the nave down to the "theatre" will be carpeted in royal blue with a wide border of dark blue. The total width will be 17 feet.

Baseball men find that the McCarran Act sports pact "jumpers."

# Worthy Children Given Real Home

There is a big brick house on 103 St. and 99 Ave., thousands of people drive or walk past daily and yet few realize that it is more than just a house. It's a monument to kindness and determination. This is The Edmonton for Ex-Servicemen's Children and, when it was incorporated under The Benevolent Societies Act in 1946 it was the first home of its kind in Canada.

The home is a complete departure from what we have come to know of charitable institutions — it is more comparable to a good residential hotel with sincere love and kindness added. The idea of starting the home was formed by a group of women who were already working for the purpose of aiding service men. The president of the group then and now is Mrs. J. E. Petersen.

She and her husband do the lions share of the work today, just as they have since the idea was conceived. The going has been tough every inch of the way. In November, 1944, a trust fund was set up and more funds were raised. In April, 1946, the building was purchased. Months of cleaning, decorating and renovating followed; furniture was obtained and then in December, 1946, the doors opened to admit the first children.

The Policy of the Home was to offer care and comfort to children of ex-servicemen or women between the ages of 4 and 14. The age limits have frequently been ignored where families of children are in need of care and do not all come within the limits. As a result the home at present has children ranging in age from 2 to 17.

For the first 2 years of operation the average number of children being cared for was 35 at any one time, since then the need has increased and the average for the past year was 50.

The children are of many racial origins and religious faiths, there is absolutely no discrimination. They are educated to the highest possible standard and are encouraged to attend the church of their faith.

The children enter the home for a multitude of reasons, to mention a few there are cases where the mother has deserted the home and the father is unable to take care of the children and still keep his job.

There are cases of mothers deserted and having to seek full time em-

The three young tots shown are representative of the fifty or more children cared for at the Home For Ex-Servicemen's Children in Edmonton. Guiding hand in the worthy project is Mrs. J. E. Petersen, whose family of fifty makes every day a busy day.

ployment in order to live. Then there are children who were removed from their homes because of neglect by parents, and of course separations, divorces and death of parents are common causes. Wherever it is possible without causing hardship, the parent or guardian of a child are asked to pay part of the cost, an amount of from 20 to 30 dollars per month.

In spite of grants made by the Community Chest, the Provincial Government, The Ladies' Auxiliary to the Canadian Legion (Branch No. 24 and country branches) and the Eastern Star Ladies, the home is constantly in need of funds. Faith and determination has kept things going thus far and it is the writer's firm conviction that the home will continue for many years to come.

One citizen of Edmonton who makes a notable contribution is Dr. Harry Wienlos. He attends the children in sickness, or, if a child is brought to his office he always manages to attend it however busy he may be. He makes no charge for these services and sends cash donations as well. It is men such as he that without ever mentioning it continues to give help and support wherever it is needed. Various food donations are made through the year, one city bakery regularly sends all surplus bread and buns to the home. The city allows the home

free taxes, light and telephone. A great number of individuals and organizations send gifts and offer other forms of aid at Christmas time, but it is the other 51 weeks of the year that are difficult to get through.

Just pause for a while and try to imagine some of the chores that go with running such a "family." At this time of the year the children have to be dressed in overshoes and parkas and, of course, undressed.

Consider the job of getting them into bed and up again in the morning. These points would be minor details if the building was designed to house 50 and if sufficient help could be hired, under the existing conditions however it's just plain toil.

Funds do not permit the hiring of a qualified resident housekeeper, so Mr. and Mrs. Petersen have moved into the home in order to be available at all times. This, of course, leaves them very little time to pursue any other interests they may have, or to enjoy the comforts they are entitled to expect after raising a family.

Next time you pass the red brick building take a look in the grounds, you will probably see some well dressed, healthy, happy youngsters playing, then you will really be able to appreciate what a fine job is being done.

This scene is typical of many which will take place this month throughout the schools in Canada. A teacher instructing pupils in the wonderful relief work of the Red Cross.

## Canadian Boys and Girls Send Help To Other Children Through Red Cross

February will be "Junior Red Cross Month" throughout Canada when the more than one million school children enrolled in the Canadian Junior Red Cross Society will work to provide food, clothing, medicines and school supplies for some two hundred million children in Korea, India, Pakistan and Indonesia.

In a nation-wide drive supported by the Canadian Education Association and the provincial Departments of Education, the children will make clothing and health kits, collect school supplies and raise money for this project.

In Korea there are at least 50,000 war orphans roaming the streets searching for food and lodging; India and Pakistan have even greater numerical problems in caring for their children; and in Indonesia, 90 per cent of the children are illiterate.

Literally millions of children are in urgent need of food, clothing and medicines. In Indonesia alone, there are 12,000,000 persons suffering from yaws, a crippling disease that means slow death and continual misery but which is curable almost immediately with penicillin.

In Korea, all notions of quick

rehabilitation must be put aside," declares M. C. Cooke, U.S. Red Cross representative in the Far East. "The problem is one of emergency relief." This entails feeding, sheltering and clothing the 10,000,000 war victims, a U.N. job in which Red Cross is co-operating, and fighting disease and caring for the sick and injured, a program implemented largely by the League of Red Cross Societies.

With these reasons for its campaign, the Junior Red Cross has felt it imperative to call on the support of every classroom. All monies collected will be used to purchase relief materials through Red Cross special facilities.

In addition to the contribution of relief goods, children who support the drive will be making a concrete contribution to the cause of international understanding, one of the aims of the Junior Society.

## Chrysler Corporation Plan Huge Canadian Expansion

A plant manufacturing expansion program costing over seventeen million dollars and requiring more than two years to complete is being undertaken immediately in Windsor by the Chrysler Corporation of Canada, Limited. When completed the Corporation will be able to produce more than double its present output of passenger cars. The program was announced at a press conference held by E. C. Row, President and General Manager of the Corporation.

"We have made a very comprehensive study, explained Mr. Row, and our confidence in the future of Canada demands an immediate expansion of our facilities. This expansion will take more than the usual time, for we must replace our present loading and shipping facilities, before we can undertake other construction for the addition to add to our passenger car plant."

The Corporation's passenger car plant will have additions on the west and south sides which, when completed, will more than double the existing floor area of the plant. When completed, the total floor area of the plant will be substantially over one million square feet. Additional employees will be required eventually, but their number will not be known until the project is completed.

The new loading and shipping facilities, of necessity, will be one of the first buildings to be completed in the programme. Company officials reveal that it will be located on the Corporation's property adjoining the Corporation's present passenger car and motor plant.

The Corporation's Powerhouse will also be enlarged considerably in order to meet the requirements of the new passenger car facilities. Also included in the expansion

## Soil Conditioner Now In Wettable Form

A wettable flake form of synthetic soil conditioner for application as a solution by sprayer or watering can rather than a dry dust, has been introduced in Canada by Canadian Industries Limited.

The new formulation is named "Loxar" W to distinguish it from CIL's dry dust soil conditioner, "Loxar", which was brought out earlier this year.

The new product is readily soluble in water and is recommended for the control of surface crusting of soil in vegetable and flower gardens, greenhouse flats and market garden beds. It will also prevent erosion on slopes and embankments until natural cover is established.

One pound of "Loxar" W dissolved in 14 gallons of water will treat 200 square feet. It is available in 20 and 40 pound containers.

plans is a new transportation garage and building for experimental engineering facilities which will also be located on the Corporation's present property.

Architectural plans are now in the course of preparation.

## Former Alberta Bank Manager Promoted To Assist. General Manager

MONTREAL — In order to meet the immense industrial development which is taking place in Western Canada, the Bank of Montreal is raising to a new status its field organizations in the Prairie Provinces and British Columbia by creating new territorial division and by the establishment of assistant general managers departments at Winnipeg and Vancouver. This is the first expansion move of its kind covering Western Canada to be undertaken by any of the chartered banks.

"The magnitude of the West's post-war development," said Gordon R. Ball, B. of M. president, in making the announcement following a meeting of the bank's directors today, "is something we have watched with the greatest interest and admiration for a number of years, and we have endeavored to keep pace with this rapid development by the expansion of our branch organization wherever the need has arisen."

"Now, however," said Mr. Ball, "the need for enlarged regional authority has become apparent if we are to provide the kind of banking service we feel is called for in meeting the vast growth which is going on in the West at present and which we confidently expect to increase greatly in the years ahead."

### NEW REGIONAL HEADS

To direct the bank's new Prairie Provinces division, Mr. Ball announced the appointment of Leslie L. Sinclair as assistant general manager, with headquarters in Winnipeg. Mr. Sinclair has served for the past two years as superintendent of the Manitoba and Saskatchewan district. Before being stationed in Winnipeg, he was superintendent of Alberta branches for three years. Previously he held important posts in Toronto, Montreal and New York. His earlier experience, however, was in the West, and he has seen service at numerous branches in Alberta.

For the new Pacific Coast division, which comprises the Yukon as well as British Columbia, the bank has named W. H. Raikes assistant general manager, with headquarters in Vancouver. Harry Raikes, a native Westerner, who has served the bank from coast to coast, has been superintendent of the B.C. district since 1950. He previously held important appointments in Ottawa, Montreal and New York, as well as at a number of points in the West.

### FIRST BANK IN THE WEST

When the West was opening up with the coming of the railway 65 to 75 years ago, the Bank of Montreal blazed the trail from Winnipeg to Vancouver, where it established the first banking

L. L. SINCLAIR

office within a few weeks of the arrival of the Canadian Pacific Railway. Back in the eighties, the bank crossed through the West hand in hand with the builders of the first transcontinental line—an undertaking which, in fact, it financed in large measure.

## THE LIGHTER SIDE

### Court Syntax

"Lawyers should use shorter words," says a writer. Convicts are agreed that judges should use shorter sentences.

### Complete Collection

"You have a splendid collection of mounted fish—but what are the empty panels for?"

"Oh, those are some that got away."

### An Ambulance Case

"A burglar broke into my house late last night."

"Did he get anything?"

"Rather! You see, my wife thought it was me."

### Ask Pop, He Knows

Young Hopeful—Pa, what do standing armies sit on when they are tired?

Father—The seat of war, my son.

### Horn

Repairman: "Shall I install a loud or soft horn, sir?"

O'Leary: "Just one with a dirty sneer."

### Puzzled

Bassler—Why didn't you study the time table; then you would not have missed the train."

Rhodes—That was just the trouble. I wasted so much time trying to puzzle out the time schedule that the train got away.

### Artistically Expressed

"It took eight sittings."

"What? Have you been having your portrait painted?"

"No; learning to skate."

### The Difference

Patron: "That barber down the street has cut his prices down to 40 cents for a haircut."

Barber (after a withering silence): "Yeah? Well, a good barber cuts hair and a poor one cuts prices."

### Only An Officer

Judge — What's the charge against this man, officer?

Officer—Vagrancy, your honor. He was loafing around a street corner all the afternoon.

Judge — Ah, impersonating an officer; 30 days in jail.

## ALBERTA STILL LEADING IN TECHNICAL TRAINING

Alberta has been a leader in technical education in Canada, establishing its present school in 1916, according to Dr. James Fowler, principal emeritus of the Provincial Institute of Technology and Art, who spoke to the Knights of the Round Table Tuesday.

Alberta has been a leader in technical education in Canada, establishing its present school in 1916, according to Dr. James Fowler, principal emeritus of the Provincial Institute of Technology and Art, who spoke to the Knights of the Round Table Tuesday.

While Quebec was the first in the field in 1915, Alberta followed the very next year, stated the former Tech principal. Dr. Fowler had been with the Institute from the year of its founding until he resigned as principal last year.

Alberta is still a leader in training more apprentices per capita than almost any other province and also in the quality of instruction, he stated.

The institute, which is administered by the provincial department of Education, is financed in three ways, 10 per cent coming from students' fees and the remainder being shared by the provincial and federal governments.

The latter began to assist the Tech after the recent war through the Vocational Education Assistance Act.

### TRUE TO LIFE

"An effort is made in the shops to simulate the environment which the student will find when he goes into industry," Mr. Fowler stated. By illustration, he pointed out that in the auto, machine and woodworking shops the same type of tools and methods are

used as in commercial enterprises.

While half the day is devoted to the practical side of the trade, the other half is for theory, mathematics, drafting, and general knowledge.

Up on the North Hill, Dr. Fowler stated, there is an investment of from six to seven million dollars, where a staff of 150 gives apprenticeship courses to day, evening and correspondence students numbering 3,100.

He emphasized that there was a difference between a technical school and an institute. The former taught a minimum of academic subjects, and students could complete requirements with shop courses.

"A technical institute," he said, "is a school where students come in and prepare for one occupation and their day—the whole day is devoted to this one end."

## \$2,300,000 Earmarked For Alberta Projects

OTTAWA — The federal government plans to spend on Alberta public works projects in the coming fiscal year twice the amount it spent this year.

The government intends to spend \$2,300,000 in Alberta and everything from a \$1,000,000 public building in Edmonton to \$16,000 for wharf improvements at Ma-Me-O Beach at Pigeon Lake.

In 1952-53 government plans called for outlays in Alberta of \$1,161,000 of which none went to Calgary.

This fiscal year it plans to spend in Calgary some \$150,000 on "accommodation for government services."

Edmonton got the largest slice. There is the public building and a second vote of \$150,000 for addition and alterations to the immigration hall.

Edson and Taber were both on the new spending list for \$150,000 public buildings.

There is a vote of \$125,000 for a public building at Banff.

Athabasca, Blairmore, Camrose, Carway, Chief Mountain and Lethbridge are all earmarked for \$100,000 each in the new spending plan. They are for either public buildings or customs and immigration buildings.

Fort Saskatchewan, Stettler and Wetaskiwin are also slated to get funds. Each is down for \$75,000 for public buildings.

### TOY BALLOON FLIES FAR

MT. CARMEL, Ill. — Adam Berberich, a farmer, found a toy balloon on his farm near here. He wrote to L. E. Kerbs, Otis, Kansas, whose name was on a card with the balloon. Kerbs advised that he sent the balloon up in Otis, 600 miles away, only seven days before it was found.

## Edmonton Hospital Gets New T-B Association X-Ray Machine

A \$10,000 X-RAY MACHINE was presented recently to Edmonton General Hospital by the Alberta Tuberculosis Association for routine chest X-ray of all admissions. Christmas Seals paid for this unit, the 23rd so far installed by the Association in Alberta hospitals. Shown at a demonstration of the new machine are: left to right, Charles

Garnett, General Hospital advisory board chairman; Sister Clare Gauthier, assistant hospital administrator; T. A. Shandro, Association president; Dr. Rupert Clare, hospital radiologist; D. H. Bowen, chairman, Kinsmen Club Christmas Seal campaign; V. J. Mahony, Association director, and E. R. Baxter, Association director of surveys and education.

### FUN SPOILED

LOS ANGELES—Mrs. Billie Kelley accidentally locked herself out of her house, with Raymond, 18 months old, inside.

While his mother pounded frantically and shouted for admittance, Raymond emptied the cupboards, spilled dishes, buttons, paper and food on the floor

and was looking for new fields to conquer when helpful firemen, summoned by Mrs. Kelley, jimmied a window, climbed in and opened the door from the inside.

## Club Women Ask New Deal

EDMONTON (BUP) — The Association of Business and Professional Women's Clubs of Alberta has asked the provincial government to give working women in the province a new deal.

The organization presented a brief to industries and labor minister Dr. J. L. Robinson which asked for equal pay and job opportunity with men.

The clubs urged that legislation be adopted which would guarantee equal pay for women who did the same work, or work of a comparable nature, as men. Ontario and Saskatchewan already have such legislation.

The brief said "women do not wish to be treated as cheap labor, and thus endanger the position of men either by lowering their rates of pay, or cutting them out of employment altogether."

"Women have proved magnificently," the brief added, "that they can work side by side with men at the same jobs, and to pay them at a lower rate is neither morally nor economically justified."

The women's group said women are taxed on the same basis as men and the cost of living is no less for women than for men.

Schedules of professional fees did not take sex into consideration.

### "DRUNK" GETS RICH QUICK

GLEN BURNIE, Md. — Customers and employees of a department store noticed a sandy-haired man of about 27 stagger through the store, but paid little heed. Suddenly, the man staggered to a cash register, scooped up \$207 in cash and \$40 in money orders, and dashed out of the store — apparently completely sober.

## SERVE CANADA

A "strong" Canada, today, is essential if we are to preserve our freedom, our own way of life. Freedom demands constant guard and effort by all who enjoy it. A "strong Canada" is the responsibility of all Canadians.

## AND YOURSELF

Accountant, stenographer, typist . . . cook, baker . . . You can acquire one of these trades and skills — and many more.

Learn about the NEW enlarged opportunities for ADVANCEMENT for COOKS — learn about a trade that will give you a promising career.

Free health services, generous pension plan, 30 days holiday a year — all combine to make Army service a sound career for bright young men who are good enough to make the grade.

## IN THE ARMY

In the ROYAL CANADIAN ARMY SERVICE CORPS, the world will be your work shop. Korea, Germany and the far corners of Canada — the Service Corps goes wherever the Canadian Army goes. You can go with them, gaining experience in your trade under interesting and, at times, exciting conditions.

You are eligible if you are 17 to 45 years of age and able to meet Army test requirements. Applicants should bring birth certificates or other proof of age when reporting for interview.

## Pee-Wee Hockey Team Defeated

BEISEKER—The Beiseker Tiger Pee Wee Hockey team defeated the Acme Pee Wees on Saturday by a score of 1-0. Kenny Uffelman scored the only goal with Jerry Silbernagel getting an assist. Lorne Bunyan is the coach.

Mrs. Frank Plante entertained the Bridge Club on Wednesday night, the honors going to Mary Hagel and Doris Wright.

Mr. and Mrs. F. A. Lount attended the Cancer Convention in Calgary on February 16.

Mr. and Mrs. Eddy (Ed) Hagel, a son.

Mr. W. J. Lount attended the ninth annual convention of the Quick Freeze Locker Association Ltd. in the Macdonald Hotel at Edmonton on Feb. 18, 19 and 20. Mr. Lount was elected to the Board of Directors.

In 1951 frozen food processed in Alberta amounted to 13,859,897 lbs. and climbed to 16,795,135 lbs. in 1952 showing a definite upswing in frozen food consumption.

Mr. and Mrs. Jake Seizler entertained dinner on Sunday, Mr. and Mrs. Lou Brosteaux, Mr. and Mrs. Harry Simmonds and Mr. and Mrs. Darce Olsen.

Dinner guests at Mrs. Schultz's home were Mr. and Mrs. F. A. Lount, Mr. and Mrs. Charley Johnson and Mr. and Mrs. Carl Lohske, Mr. and Mrs. Harry Loug, Mrs. Wegener and Miss E. Wegener.

Mr. and Mrs. Don Morrow of Drumheller visited over a weekend at Mrs. Ed. Hagel.

Mr. and Mrs. G. Baurbone of High River paid a visit to the Anton Hagel family.

The Acme High School Hockey team defeated the Beiseker Hockey team by a score of 9-2 on Tuesday evening in Beiseker.

## Card of Thanks

May we take this opportunity to express a very sincere thanks to all our many friends, neighbors and relations, who remembered us with kindly acts, cards, letters and flowers during our stay in hospital after our car accident. Your thoughtfulness at this time is greatly appreciated and will always be remembered.

—Clayton and Pauline High and Family.

Give us your head to run our business . . . in return —GOOD GROOMING.

## Local Boys Win Beiseker Trophies

Four local boys, skip Ted Bills; third, Eugene Wickerson; second Billy Bills, and lead, Tommy Stamp, were going big guns in the men's Beiseker spiel. Not only have they each won Allister's \$50 certificates and two curling trophies, but are waiting for better ice so they may finish the second event, having already arrived "in the money" in it also.

## Curling Activities In Full Swing

Curling has been the centre of attraction in the community now that the weather permits. The Men's Bonspiel is over in Irricana. The Women's Bonspiel started Feb. 16. There are nine women's rinks entered at Irricana.

The local Kathryn High School rink won the western division play-off and then lost to Rosebud for the right to represent this area in the play-offs for the southern Alberta title. The local rink composed of Bob Thompson, lead; Richard Bruntien, second; Ervin Carr, third and Dick Young as skip.

The Gordon Drakes rink has entered the Bonspiel at Strathmore. The rink is composed of G. Drake, skip; J. Percival, third; B. Midyette, second and D. Dingwall, lead.

## Better Seed... Better Crops

This advice to farmers goes back for thousands of years. It is still true today. The best seed obtainable is Registered seed, guaranteed for purity, truthness-to-variety and high germination by the Canadian Seed Growers' Association and Plant Products Division of the Dominion Government.

For supplies of Registered seed of all crops, see your nearest Midland & Pacific Agent.

**MIDLAND & PACIFIC GRAIN**  
CORPORATION LIMITED

## An Appeal To All!

The Canadian National European Flood Relief Committee under the chairmanship of His Excellency the Governor-General has launched an unlimited appeal for funds to help relieve the distress of flood sufferers.

There will be no national canvassing organization. Individuals, organizations and business firms are urged to make their donations through Branches of all chartered banks which will issue receipts valid for income tax purposes. All Post Offices will accept direct contributions by Postal Order, and similar arrangements have been made for Express Money Orders.

This is not a Red Cross appeal, but the Canadian Red Cross will be the administrative arm of the Committee for the distribution of assistance through its International Red Cross channels.

At present the appeal is for funds only. All requests for assistance from the fund will be checked by Red Cross Societies, Foreign Government Agencies and Canadian Embassies overseas.

**The need is great. Your generous help is urgently requested.**
